

## 2-Way Power Divider

### Specifications

PD2-350-520MHz-N-01

1、Spec:

| Parameters                                   | Specifications                                |
|----------------------------------------------|-----------------------------------------------|
| Frequency Range (MHz)                        | 350~520                                       |
| Insertion Loss (dB)                          | $\leq 0.5$ dB(Excluding theoretical loss 3dB) |
| Input Port VSWR                              | $\leq 1.25$                                   |
| Output Port VSWR                             | $\leq 1.25$                                   |
| Isolation (dB)                               | $\geq 20$                                     |
| Impedance ( $\Omega$ )                       | 50                                            |
| Power Rating (W)                             | 50w                                           |
| Input/Output Connectors                      | N-F                                           |
| Operation Temperature ( $^{\circ}\text{C}$ ) | $-45^{\circ}\sim +85^{\circ}$                 |
| Surface Finishing                            | Black                                         |
| Outline Dimensions                           |                                               |
| Weight(Kg)                                   | 0.22                                          |
